Devendra Jain

Dilip Suryavanshi

Bhopal-based Dilip Buildcon has completed the construction of 47 roads projects in five states, achieving a CAGR of 36 per cent of revenue growth for the EPC business. Dilip Suryavanshi, Chairman & Managing Director, and Devendra Jain, Director & CEO, walked up the stage to receive the award. Suryavanshi said:

‘When my competitor sleeps, my team wakes up. My 23,000 employees are all my family and we work together as a team. For us, making roads is like the Mahabharata; we go through a new Mahabharata every day, in which the sarathi is someone like Raghav Chandra who initiates with complete positivity. Also, a touch of humanity is extremely important to grow as an individual or a company. It is only when the top management is completely involved, not just in the roads but with the employees and machines, that the project becomes a success.’
